EASTERNER FOUND ON THE RIGHT-OF-WAY

Lies Three Days on Ground at Cambridge Without Anything to Eat.

Cambridge, Neb., Aug. 19. — A man of about thirty years of age, who gave his name as George Shewman was found yesterday afternoon lying on the railroad right-of-way near one of the grain elevators. He was in a semi-conscious condition and unable to move when taken to the Cambridge hospital. After a physician was called he revived enough to give out the information that he had lain there for three days without anything to drink or eat. From the bruises upon his head and from the statements such as he was able to give it appears that the unfortunate man had been kicked off a train which he had boarded without a ticket. The physician does not have any hope of his recovery. He gave his home as Rochester, N. Y.—Lincoln News.

WRECK VICTIMS PAID.

A happier bunch of base ball players never existed than the Rourke's Friday. Early in the morning a claim agent of the Burlington railroad appeared armed with a bunch of checks, which he distributed among the players in settlement for injuries sustained in the Indianola wreck about two months ago. Every player who was on the train at the time received a check for about \$100.—Omaha Bee.

Prize Winners.

The Sharkey family was given the prize for the largest family attending the Burlington employees' picnic at the Beach last Thursday. They not only got the prize for the biggest family, but the two daughters, the Misses Helen and Marjorie, received the first and second prizes for being the handsomest girls on the grounds for the day.

The Sharkey children are: Mrs. F. C. Beacon and Mrs. L. J. Doyle, Omaha; Banard of Grand Island, Helen, Marjorie, Vance, Cyril, Madeline, Harold and Isabelle all of Lincoln. All but Banard were present. One daughter Genevieve, died just one month ago. The youngest daughter, who will be three years old in September, has the record of being the largest child at time of birth born in the state, her weight being twenty pounds.

Mr. Sharkey has been in the employ of the Burlington railroad for twenty-eight years, and has lived for the last eight years in Lincoln. He is a passenger engineer between Lincoln and McCook.—Lincoln Journal.

Fell Off No. 15.

A man passenger on train 15, Friday night, fell off train 15 near Naponee, but fortunately escaped severe injuries. It becomes known that the man went into the vestibule, opened the door and sat down on the ear steps, and becoming sleepy fell off the car. He later walked into the station at Naponee, where he slept in a box car until Saturday morning. In getting out of the box car in the morning the passenger had the further misfortune to fall out on his shoulder.

He was picked up by train 13, Saturday morning, and taken on his way west, not much the worse for his experience, which, however did not improve his personal or physical appearance, if he did not do him much hurt. Abraham Read, we learn, is the man's name, and he hails from Whitehall, Illinois. He is making a round trip to San Francisco.

Another Washout at Holbrook

Sunday evening's rain took over several hundred feet of the new road bed at Holbrook. But men and materials were rushed to the spot and the washout cribbed up, so that traffic was only delayed a couple hours.

The "trainometer" is the latest. If you are on a train and you are curious to know how fast you are going, you put a penny in the slot and a hand on a dial informs you. H. W. Prance, an Englishman, is the genius who thought of this idea.

You'll be decidedly more comfortable and sweeter these hot days if you dust McConnell's By-Lo Talcum powder over your body each morning. 25c.
